

Forest Recreation Information

August 6, 2020

Idaho Central District Health has warned the Community Spread of COVID-19 is taking place in all communities within Adams, Valley and Washington Counties – Please Recreate Responsibly.

- **Goose Lake Road is operated by Adams County to just beyond the Brundage Mountain Resort. Goose Lake Road beyond the Brundage Mountain Resort is accessible beyond the Hazard Lakes Area – fully open.**
- **Lick Creek Road is open – Valley County opened the road by clearing rocks and downed trees. The roadway is rough and not advisable for towing camp trailers. Contact Valley County Roads Department for further information.**
- **South Fork of the Salmon River Road: The road has construction with hard closures Monday through Friday from 7a.m. to 4p.m., but no closures over the weekends. [Visit this webpage for more information.](#)**
- **Warren Wagon Road is fully open to the South Fork of the Salmon River– check with Valley County Roads Department for additional information. The Federal Highway Administration is conducting a road reconstruction project near McCall with hard closure in place – [visit this site for more information](#). North of Secesh Meadows, culvert installation may result in short delays.**
- **Elk Creek Summit to Big Creek is open – this road is maintained by Valley County – contact Valley County Roads Department for further information.**
- **Profile Gap/Edwardsburg Road is open– contact Valley County for more information. Expect rough road conditions.**
- **Monumental Summit Road is open.**
- **No Business/West Mountain Road is open.**
- **Access to Cuddy Mountain is open.**

All but one campground (Last Chance) on the Forest are open for use – Campgrounds on the Payette National Forest were never closed to COVID-19 impacts - refer to specific information below.

Dispersed camping is available across the Forest where sites are accessible.

For additional information, please call the Forest Supervisor's Office at office at (208) 634-0700.
